

## *Faith*

*Because I trust tomorrow,  
I can make it through today  
God is there to ease my sorrow  
If I trust Him all the way.*

*Tho' my heart is heavy laden,  
And my cross is hard to bear,  
I know God is ever near me.  
And my trouble He will share.*

*Faith is living for tomorrow  
Faith is trusting all the way  
Faith is going where He leads you,  
For He'll ne'er lead you astray.*

*Tho' sometimes the path is rocky,  
And the road seems oh so long.  
And at times it's dark and dreary,  
But I know He'll guide me home.*

*So today I'll live the fullest,  
Leave the future up to Him.  
If I follow where he leads me,  
I know I'll always win.*

*Faith is living for tomorrow  
Faith is trusting all the way.  
Faith is going where He leads you,  
For He'll ne'er lead you astray.*
